G.O. No. 4278 P.H

Dated 17-12-1948

[Despatch Abstract.]

Higher Training abroad of medical personnel Facilities in the U.S.A. Government of India letter- Recorded.

No. F.1-125/48-T.
Government of India.
Ministry of Health.

New Delshi, the 10th December 48.

From

Mr. R. Kothandaraman, Esquire,
Deputy Secretary to the Government of India.

To

The Secretary to the Government of Madras
Education and Public Health Department,
M A D R A S.

Subject:- Higher training abroad of medical personnel-
Facilities in the United States of America.

Sir,

I am directed to say that the University of Pennsylvania, Philadelphia (U.S.A.) and George Washington University, Washington, D.C. have offered training facilities to Indian medical graduates for an eight months intensive course and a 2-3 years course respectively in each of the subjevts mentioned below:-

1. General Medicine
2. Physical Medicine
3. Pediatrics
4. Neurology-Psychiatry
5. Dermatology-Dyphilology
6. Radiology
7. General Surgery
8. Gynaecology-Obstetrics
9. Orthopedics
10. Urology
11. Proctology
12. Ophthalmology
13. Otolaryngology
14. Dentistry
15. Medical Sciences-

    (a) Anatomy
    (b) Pathology
    (c) Physiology
    (d) Pharmacology
    (e) Physiological Chemistry
    (f) Bacteriology and Immunology
    (g) Neure-Anatomy
    (h) Physical Anthropology

16. Anaesthesia (at George Washington University only)

2. The University of Pennsylvania is prepared to take one student for each subject every year. The tutuion fee is $ 800 per student plus usual expenses for board and lodging. If, however, a student stays for Master's or Doctor's degree, no further payment of fees will be required. The courses start on 1st October each year and registration has to be done by January in each year for the course starting on 1st October that year.

3. The George Washington University is prepared to admit medical graduates for a 2-3 years course of training in each of the subjects mentioned in para 1 above and no fees need be paid by the student, but he will have to pay his board and lodging expenses. The courses start on 1st July each year and the University authorities should know our requirements by the end of February each year.

4. The Government of India's scheme of Medical Scholarship for study abroad is not likely to be continued next year. Since, however, the Provincial Governments often desire their Government servants to proceed abroad for training on study leave terms, it has been decided to offer the facilities mentioned in para 1 above to the Provincial Governments for the training of Government-sponsored candidates who on their return will take up posts where the knowledge and experience gained could be utilized. If Provincial Governments desire to depute any of their officers for training in these subjects it is requested that they may please forward full particulars of the candidates whom they propose to send in 1949 so as to reach the Government of India, Ministry of Health, not later than the 30th December, 1948. The expenditure involved will have to be met by the Provincial Governments concerned or by the candidates.

Yours faithfully,

Sd;

Deputy Secretary.
